

VINTAGE RACER®

Horse Feed

Product Description

Vintage Racer® is a high-calorie blend of cracked corn and extruded fiber nuggets containing beet pulp, rice bran and soy hulls covered in molasses and vegetable oil for performance horses. The combination of carbohydrates, fat, and fermentable fiber provides a balance of energy sources to meet the demands of the equine athlete. The low dust and high fiber content makes **Vintage Racer®** an ideal grain and partial hay replacement ration for horses with respiratory problems.

Available in a 50-lb bag.

Features and Benefits

Extruded Super-Fiber Nuggets - *The extrusion process has been shown to improve feed digestibility and nutrient utilization. The super fibers (Beet Pulp, Soy Hulls and Rice Bran) promote healthy digestive function and provide extra calories without the risks associated with high-starch feeding.*

High Fat - *Vegetable Oil increases energy density and efficiency for sustained performance and endurance. The addition of fat helps reduce the risk of starch overload while maintaining desired calorie level for optimum weight and body condition of active horses.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available forms promote the immune system sustaining overall health, especially in horses under stress.*

Vitamin E and Stable Vitamin C - *As potent antioxidants, these nutrients support tissue integrity and function, maximize immune response and help maintain optimal health and metabolism.*

B-Complex Vitamins (including Biotin) - *Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for performance. Added B vitamins support healthy growth of skin, hair and hooves.*

Suggested Feeding Recommendations:

STORE IN A COOL DRY PLACE

This product may spoil if stored under adverse conditions. Do not feed this product if believed to be unfit for animal consumption.

BLUE SEAL VINTAGE RACER is a course textured, lower protein, higher fat feed with a high level of extruded nuggets containing beet pulp. It contains no whole oats. Because of its dust-free nature, **VINTAGE RACER** may also be fed to horses subject to heaves and as a partial hay replacer.

DAILY GUIDE: It is necessary to adjust the feeding of **BLUE SEAL VINTAGE RACER** to the condition of the horse. Provide horses with good quality hay and salt free choice. Provide plenty of fresh water.

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Sales Representative or Customer Service.

Comments: For additional mineral-vitamin fortification, or if **VINTAGE RACER** is fed below the recommended feeding range, feed the appropriate **Winning Touch Equine Supplement**, depending on type of hay being fed.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements.
