

VINTAGE GOLD®

Horse Feed

Product Description

Vintage Gold® is a high-protein, high-fat extruded nugget designed for horses with increased nutritional requirements such as growth and high performance. The high nutritional profile in **Vintage Gold®** is ideal for hard keepers, horses in intense work, and horses with low intakes due to illness or stress.

Available in a 50-lb bag.

Features and Benefits

High Protein with Added Lysine and Methionine - Guaranteed lysine and methionine levels help ensure quality protein is available to meet the protein requirements for young growing foals and horses in intense work or performance. The high protein will also help meet the needs for horses with limited intakes or horses fed low protein grass hay.

High Fat - Vegetable Oil increases energy density and efficiency for sustained performance and endurance. The addition of fat helps reduce the risk of starch overload while maintaining desired energy level for optimum weight and body condition of active horses.

100% Extruded Nuggets - The extrusion process has been shown to improve feed digestibility and nutrient utilization. The extruded nugget may also slow the rate of feed intake, helping to minimize the risk of digestive disorders and choking.

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - The greater mineral absorption and utilization helps meet the increased needs for bone, muscle and tissue strength in growing horses and performance horses. Overall reproductive performance and efficiency is sustained in breeding mares and stallions.

Advanced Antioxidant Package: Natural Tocopherols, Vitamin E and Stable Vitamin C - As potent antioxidants, these nutrients support tissue integrity and function, maximize immune response and help maintain optimal health and metabolism.

B-Complex Vitamins (including Biotin) - Actively involved in the metabolism of carbohydrates, fats and protein into usable energy for growth, lactation and performance. Added B vitamins support healthy growth of skin, hair and hooves.

Yeast Culture - Helps maintain feed intake under the stresses of growth and performance and enhances

VINTAGE GOLD®

EXTRUDED HORSE FEED
For Young Growing Horses, Performance
Horses and Lactating Mares

GUARANTEED ANALYSIS

Crude Protein, Min.	16.0 %	
Lysine, Min.	0.85 %	
Methionine, Min.	0.40 %	
Crude Fat, Min.	7.5 %	
Crude Fiber, Max.	8.0 %	
Calcium, Min.	0.65 %	Max. 1.15 %
Phosphorus, Min.	0.70 %	
Copper, Min.	55 ppm	
Chelated Copper, Min.	12 ppm	
Manganese, Min.	135 ppm	
Chelated Manganese, Min.	20 ppm	
Selenium, Min.	0.60 ppm	
Zinc, Min.	165 ppm	
Chelated Zinc, Min.	40 ppm	
Vitamin A, Min.	5,500 IU/lb	
Vitamin E, Min.	140 IU/lb	

INGREDIENTS

Soybean Meal, Ground Corn, Rice Bran, Soybean Hulls, Corn Distillers Dried Grains, Wheat Middlings, Wheat Flour, Vegetable Oil, Yeast Culture, Cane Molasses, Salt, Calcium Carbonate, Monocalcium Phosphate, L-Lysine Monohydrochloride, DL-Methionine, Magnesium Oxide, Calcium Sulfate, Zinc Sulfate, Zinc Proteinate, Copper Sulfate, Copper Proteinate, Manganese Sulfate, Manganese Proteinate, Cobalt Carbonate, Calcium Iodate, Ferrous Sulfate, Selenium Yeast, Sodium Selenite, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Choline Chloride, Riboflavin, d-Calcium Pantothenate, Niacin, Folic Acid, Biotin, Vitamin B12 Supplement, Thiamine Mononitrate, Pyridoxine Hydrochloride, L-Ascorbyl-2-Polyphosphate (Source of Vitamin C), Oat Mill By-Product.

CAUTION: This feed contains supplemental copper. Do not feed to sheep.

MANUFACTURED BY

GENERAL OFFICES

microbial fermentation in the horse cecum and colon, resulting in enhanced nutrient absorption and assimilation.

Suggested Feeding Recommendations:

STORE IN A COOL DRY PLACE

This product may spoil if stored under adverse conditions. Do not feed this product if believed to be unfit for animal consumption.

BLUE SEAL VINTAGE GOLD is a high protein, high energy, extruded nugget that promotes a slower rate of feed intake.

DAILY GUIDE: It is necessary to adjust the feeding of **BLUE SEAL VINTAGE GOLD** to the condition of the horse.

Provide horses with good quality hay and salt free choice. Provide plenty of fresh water.

Horse Class	Age	Suggested Feeding Range* lbs/100 lbs body wt./day
Growth		
Suckling	0 to 4-6 mos.	0.70 - 1.10
Weanling	4-6 to 12 mos.	0.90 - 1.40
Yearling	12 to 18 mos.	0.60 - 0.95
Long Yearling	18 to 24 mos.	0.55 - 0.75
2-Year Old	24 to 36 mos.	0.45 - 0.70
Adult		
Moderate Exercise	Mature	0.45 - 0.65
Heavy Exercise	Mature	0.55 - 0.70
Breeding		
Lactating Mare, first 3 mos.	Mature	0.65 - 1.10

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Sales Representative or Customer Service.

Comments: For additional mineral-vitamin fortification, or if **VINTAGE GOLD** is fed below the recommended feeding range, feed the appropriate **Winning Touch Equine Supplement**, depending on type of hay being fed.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements.
