

RIDER®

Horse Feed

Product Description

Rider® is a quality blend of pellets, oats, flaked corn and flaked barley lightly wrapped in molasses and vegetable oil for balanced nutrition with excellent acceptance and palatability. **Rider®** is ideal for pleasure horses on good quality hay or pasture.

Available in a 50-lb bag.

Features and Benefits

Blend of Quality Grains and Pellets - *The blend of pellets, corn, and oats provides energy to the horse at different rates for controlled energy release while the coarse texture increases salivation and aids in digestion.*

Low Protein (12%) - *Pleasure horses fed good quality hay have a reduced need for added protein in their grain ration.*

Fixed Components - *A consistent formula using only the highest quality ingredients to prevent sudden changes in the diet and to maintain digestive health and function.*

Guaranteed Levels of Calcium and Phosphorus - *Ensures proper calcium to phosphorus ratio and guards against deficiencies.*

Chelated Zinc, Copper and Manganese, Plus Bio-Available Selenium - *Optimum levels and ratios are supplied to help ensure a balanced diet for maintenance and performance. The more biologically available organic forms are added to help minimize the detrimental effects of mineral imbalances in water and forages.*

Vitamins A, D and E - *Provides a supplemental source to help guard against deficiencies and maintain optimal health and metabolism.*

B-Complex Vitamins (including Biotin) - *B vitamins are involved in the metabolism of carbohydrates, fats and protein and are important for the growth and health of skin, hair and hooves.*

Suggested Feeding Recommendations:

STORE IN A COOL DRY PLACE

This product may spoil if stored under adverse conditions. Do not feed this product if believed to be unfit for animal consumption.

BLUE SEAL RIDER is a coarse textured blend of corn, oats, barley, pellets and molasses.

DAILY GUIDE: It is necessary to adjust the feeding of **BLUE SEAL RIDER** to the condition of the horse. Provide horses with good quality hay or pasture and salt free choice. Provide plenty of fresh water.

<u>Horse Class</u>	<u>Age</u>	<u>Suggested Feeding Range*</u> <u>lbs/100 lbs body wt./day</u>
Maintenance	Mature	0.45 - 0.65
Light Exercise	Mature	0.50 - 0.75
Moderate Exercise	Mature	0.60 - 0.85

*Suggested program is based on offering grass or mixed grass hays. If feeding legume hays or rich pasture, consult your Blue Seal Representative or Customer Service.

Comments: For additional mineral-vitamin fortification, or if **RIDER** is fed below the recommended feeding range, feed the appropriate **Winning Touch Equine Supplement**, depending on type of hay being fed.

The suggested feeding program above is intended solely as a guide. The variables of management, environment, and breed may dictate changes in the animal's requirements.
